Click and Collect

Direct to Garment (DTG) Information

Print your own custom digital design onto a 100% cotton T-shirt, or flat 100% cotton fabric using the Textiles Studio's Direct to Garment Printing Click and Collect Service.

Before you start your design

- Maximum print size 350 x 400mm
- Work in RGB colour profile.
- Size your design at the same size you wish to print.
- Save at 300dpi.
- Save as .TIFF file type
- Check the save as transparency checkbox when saving if your design has transparent elements
- Name your file with your name and zID

Print substrates

We have a selection of pre-treated Direct to Garment T-shirts in black, white and grey available for purchase to print. It is possible to bring in your own shirt for printing, so long as it is 100% cotton. If you prefer to use your own t-shirt or fabric there is an additional fee for the necessary Direct to Garment pre-treatment fluid application process.

Print substrates pricing

- DTG pre-treated shirts \$10 ea
- Bring your own 100% cotton shirt or fabric - pre-treatment fluid application \$5 per piece
